A: **Unlimited** nurse consultations with professional advice given by one of our qualified Veterinary Nurses. **One** vaccination consult including comprehensive veterinary examination, **one** 6-monthly veterinary examination (MBVC believes in twice a year check ups for optimal preventative care), or this exam can be exchanged for one sick/trauma examination if required. **One** \$20 discount off an afterhours emergency consultation if required.

Q: What about any extra costs after consultations?

A: You will still be liable for any costs for treatments or medications outside the Healthcare Plan as you would if you were going for a normal health check.
